What is ASEAN CAREER FAIR with JAPAN ?

- The ASEAN Career Fair with Japan is a **human resource project set up in 2013** by the Osaka School of International Public Policy (OSIPP), Osaka University in collaboration with Energize Inc, as part of the OSIPP's *Peace and Human Security in Asia* (PAHSA) programme supported by the Ministry of Education's "Reinventing Japan" project.
- It is the only career fair for Japanese companies in the region where Japanese language proficiency is **not** a requirement. Your interest in and enthusiasm for Japan are key.
- It is an excellent occasion to **meet recruiters & grab a job interview opportunity**
- **Lunch will be provided at the venue.**
- **Enjoy Networking & free lunch & free afternoon tea!**
